

Development. Investment. Management.

Press release: Bayern Projekt GmbH presents its project Bavaria Towers at the international property fair MIPIM 2015 in Cannes.

Bayern Projekt GmbH is represented at the international property fair MIPIM 2015. It presents its project Bavaria Towers at the Landeshauptstadt Munich stall for the first time on the international stage: Just in time for MIPIM (10th–13th March 2015) in Cannes, the most important international property fair, project developer and project manager Bayern Projekt presents the project Bavaria Towers to the professional real estate audience. One of the most spectacular property developments the Bavarian capital has ever seen, arises, comprising 77.000 qm GFA. The high-rise ensemble consisting of four buildings will define the Eastern gate to the City of Munich from 2017 onwards and enrich the Munich skyline with its outstanding architecture.

For further information regarding the project Bavaria Towers please contact:
